

Texas State Court and District Deputies host 18 Multi District Officer Training sessions!

Officer Training road trips began on June 11, 2016.

The last sessions will be held September 10th in El Paso and Laredo!

1,225 newly elected Regents, Vice Regents, Recording Secretaries, Financial Secretaries and Treasurers attended training before resuming regular local court meetings in September.

Biennially, each even year following the May election of local court officers, Texas CDA state officers working with District Deputies and State Chairmen across Texas provide a mandatory multi district training sessions to update and empower each local court officer with tools and shared information to positively impact their efficiency and effectiveness in their courts.

Courts are reminded to order the most current amended edition of the Bylaws following the 2016 National Convention. This procedure should be done by ordering the amended bylaws from National every two years by the first of October.
